

A K Ranch Farmstay

We are a 250 acre sheep and beef farm situated on the banks of the Oroua River. We farm Simmental Bulls and Romney and Charolais sheep. We have a number of pet sheep who love bread and we also milk a house cow - We have one fat black cat who loves rabbits.

The house is over 400 square metres and has 3 rooms that we can accommodate guests in. One room has a Queen bed with ensuite, the 2nd room also has a Queen bed and the 3rd room has a King bed and a double.

Wake up in the morning to the Tuis and Bell birds who live in the 2 1/2 acre garden surrounding the house. Soak in the spa pool under the veranda and watch the sun set, or rise if you are awake early. Wander in the native bush and see the huge totara trees.
